DETAILED ACTION

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1-7, 11, 12, 14, 23, and 24 are rejected under 35 U.S.C. 102(b) as being anticipated by Fig. 1, Applicant's admitted prior art.

Fig. 1 still meets the limitations as set forth in the claimed invention, where as a bond wire 164 can be considered as a first conductive body which is disposed continuously on the first active surface 122 and the second active surface 142, and electrically connecting the first chip 12 and the second chip 14.

Concerning claims 2-7, 11, 12, 14, 23, 24, please see Fig. 1 and see pages 1-3 in the Spec.

Allowable Subject Matter

Claims 8-10, 13, 15-22, 25-28 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.
